Forecast For Wales
Issued by Met Office Exeter
at 1600 on Tuesday 27 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Weather turning changeable, with sunshine and showers.

This Evening and Tonight:
A rather cloudy evening, with scattered showers across the country. Showers merging into longer spells of rain overnight, especially in the south and could also be on the heavy side at times. Not as cold as recent nights. Minimum temperature 4 deg C (39 deg F).

Wednesday:
A cloudy day with frequent showers, these heavier and more organised in the south, especially in the afternoon before moving away in the evening to give a dry night. Maximum temperature 13 deg C (55 deg F).

Outlook for Thursday to Saturday:
Sunny spells and the occasional scattered shower Thursday. These showers then turn more frequent Friday and Saturday, and heavy at times. Feeling colder than of late.
